College Catalog Workstream Report

October 24, 2024

Committee Members:
Fran Pease (lead)
Mai Aly
Mary Ellen Carroll
Matt Kelley
Ian Schappe
Scott Schappe
Matt Wamboldt

- The College has contracted with Coursedog to create a new curriculum management and catalog management system.
- The committee met with representatives from Coursedog at the beginning of the semester to start the" Warming Period" where the College and Coursedog each have responsibilities for initial data collection. This phase last until the end of October.
- Coursedog has an integrated project management system that will guide us through the process of creating these systems. In early November, we will meet with our project manager to solidify our timeline and go over next steps.
- Our goal is to complete the work for both curriculum and catalog management systems by June 1, 2025, with the 25-26 College Catalog.
