		Reflecting on the Session		Improvements for the Future
Goal Setting	How did you choose the goals for the session? Did the goals reflect the client's needs?		If you could repeat the session, how/why would you change your goals?	
Strategies	Did the strategies and techniques you used help you achieve your goals? Was the client actively involved (read aloud)?		If you could repeat the session, are there any strategies you would change?	
End Product	Did the client leave the session with something useful?		Could you have improved the end product?
