Cost of Attendance (Loan) Supplement

In general, the financial aid you receive cannot exceed the Cost of Attendance or "COA." Eligibility for PLUS and Alternative Loans is determined by the equation "**Cost of Attendance**" minus "**All Financial Aid**".

Use this form to report additional costs you believe should be included in your "cost of attendance budget." The budget **already includes approximately \$1100 for books, \$2000 for personal expenses, and \$1100 for travel.**

Calculating Travel Costs (one of three scenarios):

If commuting daily by car, multiply the daily roundtrip miles by 87.5 to get the total travel cost, then subtract \$1100. Enter that amount.
Roundtrip miles _____ x 87.5 = total travel cost \$ _____ minus \$1000 = travel allowance to report above

If you live out of state and will drive to campus, provide the estimated round trip mileage from your house to the College.

Roundtrip miles _____ x **number of trips** x \$0.585 = travel cost \$ _____ minus \$1100 = travel allowance to report above

If you will travel to campus by plane, train or bus, show us how you estimate the cost [copy of travel itinerary, printout from Web site (airline, Expedia.com, etc). and the number of trips expected]. Include cab fare from the airport, bus/train station. Subtract \$1100 from the total cost to arrive at the travel allowance to report above.
